- **Responsible for business and financial management matters:**
 - ❖ **Award Negotiations**
 - ❖ **Official Signatory for Obligation of Federal Funds**
 - ❖ **Official Signatory for Prior Approvals**
 - ❖ **Monitor fiscal/compliance issues**
 - ❖ **Close-out of the grant**

Payment Management Services' Role

Drawdown of Funds are made through another Federal office:

Payment Management Services(PMS)

Website Address: www.dpm.psc.gov

Please visit the “Contact Us” section on the above website to search for recipient’s account representative based on organizational entity status.

Actions Requiring Prior Approval

- Key Staff changes: Any replacement or substantial reduction in effort of the Program Director (PD) or other key staff; positions designated as key staff are defined in the Notice of Award (NoA).
- Re-budgeting of funds: Cumulative amount of transfers among direct/indirect cost categories exceeding 25% of the total award amount or \$250,000, whichever is less.
- Transfer of Substantive Programmatic Work to a Contractor
- Carryover of Un-obligated Funds above 10% of the total federal share of the current budget period.
- Change in Scope: i.e. reduction in services originally proposed, reduction in number of clients, etc.
- No Cost Extension: To permit an orderly phase-out of a project or program.

Agenda

Individual Data Collection Requirements

- Enrollment
- Reassessment
- Discharge

Population Health Management

DATA COLLECTION REQUIREMENTS - ENROLLMENT

Enrollment – Overview

You will collect interview and health information from each consumer who receives PBHCI services at enrollment (baseline) and reassessment (every 6 months).

The NOMs interview & interview guide is available on the SPARS website.

Consumer Health Information (Section H)

Mechanical Indicators

- BMI
- Waist Circumference
- Blood Pressure
- Breath CO

Blood Work

- Fasting Glucose or HbA1c
- Triglycerides
- HDL Cholesterol
- LDL Cholesterol
- Total Cholesterol

Enrollment – How to Succeed

Meet your enrollment goal (goal is 100%+. <70% is a potential SAMHSA administrative review).

Create a workflow for collecting enrollment information:

- *Identify who collects NOMs information & health indicators*
- *Protocol for scheduling NOMs interviews & health indicators*
- *Protocol for entering consumer-level data into TRAC*

Enrollment – How to Succeed (continued)

Track your performance

- *Are we on track to meet our enrollment target for the year?*
- *Are we collecting complete information at baseline?*

Enrollment – Details

- Everyone with an SMI diagnosis who is at risk for a chronic health condition is eligible for PBHCI
- The NOMs interview must be performed within 7 days of an individual receiving PBHCI services
- Anyone can perform a NOMs interview. No special credentials/training required
- NOMs interviews cannot be batch uploaded to SPARS
- Ask your GPO for approval to conduct NOMs interviews over the phone due to special circumstances
- The NOMs interview date is the official enrollment date

Enrollment – Details (continued)

- Mechanical indicators (BMI, waist circumference, blood pressure, breath CO) must be collected within 30 days before/after the enrollment date
- Blood labs (cholesterol panel, HgbA1c or fasting blood glucose) must be collected within 60 days before/after the enrollment date
- Health indicators that are obtained from other providers are valid as long as they were performed within the proper collection window
- Grant funds can be used to pay for labs

DATA COLLECTION REQUIREMENTS - REASSESSMENT

Reassessment – Overview

To track health improvement (or lack thereof) over time, you will reassess (rescreen) all enrolled consumers every 6 months.

Reassessments include NOMs interview and health indicators.

Data Collection Timeline

Month	Intake	3	6	9	12*	Discharge
MI-EHR	●	●	●	●	●	●
MI-TRAC	●		●		●	●
BW	●				●	●
NOMs	●		●		●	●

MI-EHR: Collect mechanical Indicators; store in electronic health record

MI-TRAC: Collect mechanical Indicators; **enter in TRAC**

BW: Collect blood work; store in electronic health record, **enter in TRAC**

NOMs: Conduct NOMs interview, **enter in TRAC**

*Continue same pattern until discharge

Reassessment – How to Succeed

Meet your reassessment goal (goal is 80%-100%. <62% is a potential SAMHSA administrative review).

Have a process for:

- *Identifying consumers who are due for reassessment*
- *Scheduling reassessment visits*
- *Entering reassessment data into SPARS*

Reassessment – How to Succeed (continued)

Track your progress:

- *Are you reassessing everyone who is due for reassessment?*
- *Are you collecting all required health indicators at each reassessment?*

Reassessment – Details

- Reassessments are due 180, 360, 540, 720... days after the enrollment date
- NOMs interview and mechanical indicators are due +/- 30 days from the reassessment due date
- Blood labs are due +/- 60 days from the reassessment due date
- The Services Notification Report in SPARS will tell you when upcoming reassessments are due

DATA COLLECTION REQUIREMENTS - DISCHARGE

Discharge – Overview

If an individual no longer receives PBHCI services (due to moving, no longer in need of services, death, other) they should be discharged from TRAC.

Discharge – How to Succeed

Set criteria for discharge. Most orgs use 90 days without contact unless it is known that the individual will not return

Set a process for discharge

- *Scan your list of enrolled consumers for people who should be discharged*
- *Collect final NOMs and health indicators, if possible*
- *Create a process for entering discharge information into TRAC*

Discharge – Details

- Discharge from PBHCI does not mean discharge from your organization
- If you discharge someone, they can resume PBHCI services in the future. Use the same consumer ID that you used the first time they were enrolled
